

Promote Your Chapter/Regional Meeting in **CURRENTS**

Here's another way to "get the word out" about your chapter/regional meetings!

Provide details about your meeting and we'll publicize it in *CURRENTS*, which is distributed monthly to the company representative of every member. The information will be presented in a new ongoing newsletter feature.

Use this form to provide the following meeting details:

Chapter or Region _____

Date _____

Location _____

Registration Information Available (Date) _____

Contact (Name, E-mail, Phone) _____

Web Site for Meeting Details (If Available) _____

Speakers and/or Subjects _____

Your meeting details will be printed in a "bulleted" format based on information from the form above. To be included in this *CURRENTS* feature, you need to provide (at a minimum) the name of the chapter/region, date, location and contact information. Start with this basic information and we can add to your listing as more details become available.

If these minimum details aren't available, we will list your event in the regular Chapter Meeting Dates section.
